

FIRE THE TRAITORS.

Three Employees Bounced For Plotting Against the Postal Department Management

CONSPIRED WITH REPUBLICANS.

They Put Up a Little Job on the Finance Division.

The Republic Bureau, Penna. Ave. and 14th St. Washington, Dec. 7.—The expectation on the part of the Democratic executive officials that the coming together of the Republican Congress would result in treachery on the part of the Republicans employed in the departments, as well as numerous Congressional investigations, which were mainly intended for political effect, but which would condemn even what they vindicated has already found its realization.

It has always been the case in department work here that employees in the departments are political weather cocks which turn to every passing political change and go to any limit in order to keep in favor with that political faction which they believe will be in power.

It is not surprising, therefore, that First Assistant Postmaster General Jones has discovered in his division of Post Office Department three prominent clerks who are seeking to bring a Congressional investigation upon that division and who have been in active consultation and correspondence with leading Republicans to this end. Mr. Jones received information several weeks ago that General Michener of Indiana and the well known "Blocks of Five" Dudley were both in communication with some one in the free delivery system of the department and were both receiving extracts from letters and garbled records, intended to place the money order division in a false light and to bring about an investigation by the Republican House Representatives. An inquiry was immediately begun with very prompt results. In fact scarcely a week elapsed when today Postmaster General Wilson removed from the department William W. Hill, Assistant Superintendent of the free delivery division Samuel Beight, a clerk in the free delivery division, and William A. Sullivan, recently a clerk in the free delivery division but still more recently assigned to the dead letter division.

The Post Office Department officials are at a loss to understand why these men should have been engaged in a secret abuse and misrepresentation of the department for any other reason than through the hope of winning favor from the Republicans in the event of coming Republican victories. Mr. Jones however, decided that as this is the first appearance of departmental treachery it would be well to put an end to the matter at once as well as to set an example to other departments, where similar things are likely to occur. He therefore threw down the gauntlet to his accusers and immediately demanded the dismissal of the men engaged in the plot.

Postmaster General Wilson, when the plot was proven, was only too ready to accede to the request. At first there was a general denial on the part of the men dismissed, but subsequently Beight and Sullivan have confessed and have implicated Hill. These removals are not so important on their own account as because the action of these clerks is likely to be the beginning of much similar work on the part of clerks in other places and it is very well that Postmaster General Wilson and his assistant have handled the matter so vigorously.

Postmaster General Wilson today also issued an order against organization of postal employees to secure legislative action. Reports have been current for a comparatively long period that employees of various classes were combining and pooling funds to furnish expenses of committees or other representatives sent to appear before Congressional committees and in behalf of legislation.

This action is now practically prohibited and a penalty of removal

is imposed by today's order, which is as follows:

Ordered: That hereafter no Postmaster, post office clerk, letter carrier, railway postal clerk, or other postal employee shall visit Washington, whether on leave, with or without pay, for the purpose of influencing legislation before Congress.

Any such employee of the postal service who violates this order shall be liable to removal.

Postmasters and other employees of the postal service are paid by the Government for attending to the respective duties assigned them, which do not include efforts to secure legislation. That duty is assigned to the representatives of the people, elected for that purpose.

If bills are introduced in either branch of Congress affecting the postal service, upon which any information or recommendation is desired, I am ready at all times to submit such as lies in my power and province.

WM. L. WILSON,
Postmaster General.

AFFLICTED FOR YEARS.

Mr. R. B. Goodman, Marietta, Ga., says: "I was troubled with rheumatism, which the doctors called sciatica, for a number of years, doctoring with everything I could hear of, without benefit, until I commenced with Dr. King's Royal Germetuer, which cured me sound and well. I was at times for several months so I could not walk at all. I have now been thoroughly well of it for four years, and think there is no medicine that can equal Germetuer." New package, large bottle, 108 doses, \$1. For sale by Harvey & Roby.

MARVELOUS RESULTS.

From a letter written by Rev. J. Gauderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seems as if she could not survive them. A friend recommended Dr. King's New Discovery: it was quick in its work and highly satisfactory in results." Trial bottles free at Harvey & Roby's Drug Store. Regular size 50c. and \$1.

Gents:—The Queen Plater beats anything I ever saw to make money. When I received it, I put in a brass ring to test it, and to my surprise it was nicely silver-plated in five minutes. I made \$29.40 the first week, and \$47.85 the second week plating Jewelry and Tableware. At the end of the first month I had \$197.45 clear profit. I now get all the knives, forks, spoons and jewelry one person can plate without going from home. I will let my son use the Plater I now have at home. I am going out to sell Platers. I sold three today at \$10 each and did some plating besides. I sent \$20 today for four more Platers. I believe any person can make a grand success of this business.

Very respectfully,
L. S. Baldwin.

If you want to make money, send for circulars and prices of the Queen Platers; can be used by any one. Plates beautiful, and equal to the finest new work. Every class of goods or metals.

ORANGE BLOSSOM.

Is the famous remedy of Dr. Jno. A. McGill, for all diseases peculiar to ladies: It is the one natural cure for female troubles because it is applied right to the diseased parts.

It is as safe and harmless as a flax seed poultice, the first application drawing out fever and soreness and stopping at once those distressing pains from which so many women suffer.

Don't take internal remedies for female weakness! Common sense requires a direct application to cure leucorrhoea, ulceration, profuse and difficult menstruation, inflammation, congestion, falling and dropsy of the womb, ovarian and fibroid tumors, laceration of cervix, and all diseases of these organs.

Every lady can treat herself with Orange Blossom. Send your address to Dr. J. A. McGill & Co., 2 & 4 Hubbard Court, Chicago, Ills. for free sample, and a book giving full directions for home treatment.
